

SP 1910
D.C. 18.7.18

November 14, 1983

Mr. Michael R. Crean, Jr.
Manager, Product Engineering
Pressed Steel Tank Co., Inc.
P.O. Drawer 10-J
Milwaukee, WI 53201

Dear Mr. Crean:

Reference is made to your letter of October 5, 1983 regarding the useage of Carbon boron steel specifications on CTC-3AA cylinders.

Pursuant to section 73.22 of the CTC Regulations for the Transportation of Dangerous Commodities by Rail, this letter constitutes Special Permit Number 1910. Pressed Steel Tank Co. Inc. is hereby authorized to use carbon boron steel for the manufacturing of the cylinders presently approved by RTC Order R-33209 dated January 26, 1982. The above cylinders may be marked CTC-3AA or CTC/DOT-3AA.

Notwithstanding the requirement of section 71.6 of the above regulations, the Special Permit number need not be marked on the cylinder.

In addition to the requirements of Order R-33209 all cylinders shall be manufactured and tested in accordance with DOT specification 3AA (CFR 49 section 178.37).

Yours truly,

S. Kaplan
Director of Operation
Railway Transport Committee
